METROLINA 2 METER EMERGENCY NET

CQ..CQ..CQ… This is _[callsign]_ with the __[day]__ Metrolina Two Meter Emergency Net. The name here is _____.

This is a directed net sponsored by the Mecklenburg Amateur Radio Society. We meet here each evening at this time. This 146.94 repeater has a tone access of 118.8 Hz., and can be accessed from Echolink® at K4NET-L. During net time, it is also linked to the 145.23 and 224.400 repeaters. The alternate net frequency is 146.52 simplex.

This net supports our Mecklenburg County Amateur Radio Emergency Service®. On Wednesday nights, we include a focus on ARES events and topics.

Are there any bulletins or traffic for the net?

This is _[callsign]_. All stations are cordially invited to check in. Give your callsign, your name, and if you *cannot* stay with us for the **informal** part of the net, please indicate by saying, "Out after formal."

First, are there any mobile, portable, or Echolink® stations? Please call...

Now calling for stations alphabetically according to the first letter of your callsign suffix:

    Stations A – M (Alpha thru Mike) Call now….

    Stations N – Z (November thru Zulu) Call now….

This is _[callsign]_. Are there any other stations, in any category, for the __(day)__ Metrolina Two Meter Emergency Net? Call now…

    (Handle any traffic or announcements here.)

Before we close the **formal** part of the net, does anyone have anything further or are there any other stations wishing to check in? Please call...

This is _[callsign]_, closing the formal part of the net at hh:mm local time. Now we'll move to the **informal** part of the net..

    (Run the informal check in log list.)

This is _[callsign]_ with the __[day]__ Metrolina Two Meter Emergency Net. Are there any other stations wishing to check in or is there anything else for the net before we close?

We'll close this evening's net at hh:mm local time. From the Mecklenburg Amateur Radio Society, thanks to all participating stations! Do join us again each evening at 9:00 PM local time.

This is _[callsign]_ signing clear. 73 to all.
